

## Life Light

## Cold laser

## Other

# of Wavelengths used	4	1- 3	1- 3
Frequencies used	45 frequencies	Typically 1 to 5	Typically 1 to 5
Protocols	26	0	0
Diodes	540	1 to 2 depending on device	20 to 120
Treatment area	70 square inches per pad	1-4 square inches	10-30 square inches
Density of light	7.7 diodes per square inch of treatment area	0.5 diodes per square inch of treatment area	1 diode per square inch of treatment area
Potential harm	None	Can burn & damage patients tissue	None
Medical attendant required	No	Yes	No
Cost of operation	\$0, set up and walk away	Need you or dedicated employee to hold device during entire treatment	\$0
Flexible pads:	Yes, very flexible	No	Partially flexible
Cleanable pads:	Yes	Partially	Minimally
